*Title 37, Code of Fede	ral Regulations, § 1.56:
patent examination occu teachings of all information	nature is affected with a public interest. The public interest is best served, and the most effective rs when, at the time an application is being examined, the Office is aware of and evaluates the tion material to patentability. Each individual associated with the filing and prosecution of a patent f candor and good faith toward the Patent and Trademark Office, which includes a duty to disclose

- to the Office all information known to that individual to be material to patentability as defined in this section. The duty to disclose information exists with respect to each pending claim until the claim is canceled or withdrawn from consideration, or the application becomes abandoned.
- (b) Under this section, information is material to patentability when it is not cumulative to information already of record or being made of record in the application, and (1) it establishes by itself or in combination with other information, a prima facie case of unpatentability; or (2) it refutes, or is inconsistent with, a position the applicant takes in: (i) opposing an argument of unpatentability relied on by the Office, or (ii) asserting an argument of patentability.
